- Sizes: 750ml
- Case Size: 6 packs

OUR PROCESS

You make choices with purpose. You believe your actions speak to your values. You know business can be done differently- so do we. Join us in redefining the future of tradition. Live with determination. Serve with Purpose.

Purpose is the first single barrel expression from Republic Restoratives Distillery and is an extremely limited run of only 100 barrels.

This rye is a study in barrel and rickhouse differences. 24 barrels were made by Kelvin Cooperage and stored in Washington DC. 76 barrels were made by Independent Stave Company and stored in Kentucky. Bottled at 100 proof, the two whiskeys are beautiful expressions of rye with distinct characteristics of their maturation conditions.

NOSING AND TASTING

The first bottles in market are our 24 DC barrels.

High levels of guaiacol from their deep char read as smokey, sweet, cocoa notes. Rich resin, pepper, and rye spice round out the pallet and lengthy finish.

Sip-able right out of the bottle, Purpose is also a stellar base for an Old Pal or a classic Manhattan.
